

REMARKS

The last official Action has been carefully considered.

As a result of the foregoing Amendment, claim 1 has been amended to remove reference to the "authorized person". The claim has been amended to refer to the authorized person inferentially.

Accordingly, the rejection under 35 U.S.C. 101 should be withdrawn.

Applicants have noted that the Examiner has indicated that claims 1 to 24 would be allowable if rewritten or amended to overcome the rejections under 35 U.S.C. 112, second paragraph.

The application has been amended to set forth appropriate headings in the specification and to remove references to the claims.

The claims have been amended to correct the passages considered indefinite and to set forth the invention more clearly.

Accordingly, in view of the indication that the claims would be allowable if rewritten to overcome the formal rejections, it is submitted that the claims presently in the application are allowable.

Therefore, in view of the foregoing, it is submitted that this application is now in condition for allowance and such allowance is respectfully solicited.

Any additional fees or charges required at this time in connection with this application may be charged to Patent and Trademark Office Deposit Account No. 11-1835.

Respectfully submitted,
FRIEDRICH KUEFFNER
